List of self-closing tags in HTML

- <area>
- <base>
-
- <hr>
- <input>
- <link>

- <col>
- <img>
- <meta>
- <source>
- <wbr>
- <track>

Most often tags in HTML start and end with a closing tag. E.g <p>
Paragraph</p>
Whereas self-closing tags are those who do not need a closing tag
